PROFESSIONAL SUMMARY

I have experience in working with teams to brainstorm and in whiteboard concepts. I can create wireframes at varying levels of fidelity, and enjoy prototyping ideas. I have some front-end coding experience, and enjoy working with the developers to build ideas out. I have worked along with distributed teams using version control system like the SVN

SKILLS AND SPECIALITIES

Softwares

Adobe XD – Photoshop – Final Cut pro X
Illustrator – Sketch – InDesign – Lightroom
After Effects – Premier pro – Microsoft Office
Visual Code – Visual Studio – Tortoise SVN

Technology

HTML – CSS – WPF(XAML) – WinForms Design
C++ – Basic Angular 6 – Dot.Net – C# – Java

Specialities

Interaction Design – Web Design – iOS Design
Prototyping – Videography – watchOS Design
Visual Design – Typography – Design & Research
Iconography – Photography – Product Design

LANGUAGES

English – Malayalam – Hindi – Tamil

I am familiar and have used many different prototyping tools and frameworks - to avoid full laundry list above, I have kept it to just my favourites. If a different prototyping tool is used in your organisation that works well in your established workflow, I would be happily willing to learn it.

EXPERIENCE

Concentrix Technologies (3 Years)

◆ CIGNA iTRY – Training Simulator for replicating Cigna Mainframe

Cigna is an American worldwide health services organisation. The Cigna iTry is a graphical representation of the original Mainframe system used by them for processing their insurance claims. I have worked in the entire UI Design Phase of their application and also was a part in its screen development.

◆ Australian and New Zealand National Relay Service

National Relay Service is an online application developed for the Australian and New Zealand government for helping the Differently Abled People. The application helps the disable people to connect and get required help. I was completely involved in the design of both the application from the start.

◆ HDFC Banking: An Apple Watch Application

Designed an Apple watch application for HDFC Bank that included basic features for their customers. I was also involved in the user testing of the application collecting information from QA and End-Users

Freelance Designer

◆ Wanderer's Paradise: An Exclusive Motorcycle Rental Company

A freelance Web-Application project for Wanderer's Paradise, a motorcycle rental company. Designed a User-Centred Wireframe for the entire website from scratch using Adobe XD. Including the iconography design.

EDUCATION

◆ Bachelor of Computer Science Engineering (B.E. CSE)
Hindusthan College - Anna University, Chennai (2012-2016)

◆ Higher Secondary Certificate (HSC)
Syrian Jacobite Public School - CBSE (2010-2012)

◆ Secondary School Certificate (SSC)
Syrian Jacobite Public School - CBSE (2000-2010)

CERTIFICATION

◆ Awarded certificate of merit with A+ for Programming in C++ from G-TEC Computer Education.

◆ Completed a course in "Core Java Programming" from National Institute of Information Technology (NIIT - Coimbatore).

ACHIEVEMENTS

◆ Represented Pathanamthitta District in 59th Kerala State Table Tennis Championship - 2010.

◆ Received "The Best Student Award" for academic year 2009-2010.

INTERESTS

Photography – Videography – Travel & Motorcycling – Reading
Sports & Fitness – Drawing & Painting – Music & Entertainment
